

The Western Carolinas ACS meeting on Tuesday Sept 7th will be held in the Campus Life Center (CLC), building #8 on the map.

For people with limited mobility and a handicap hang-tag, parking adjacent to the building would be the best option.

Otherwise, convenient parking is indicated on the map.

Once you enter the CLC building, elevators are available to take visitors up to the 3rd floor. The ballroom is straight ahead from the elevator doors.

- ❖ Note the yellow traffic arrows on the map—there is a new traffic pattern on campus and while on Hodge Dr., you will drive through part of a parking lot.
